Relevant Experience**• America's Pharmacy Source LLC: Senior Graphic Designer**

Akron, OH | March 2020 – Present

America's Pharmacy Source (APS) is a revolutionary home delivery pharmacy with a mission to provide affordable prescriptions and knowledge to under-served Americans. APS is also the providers of MyFREEPharmacy, a revolutionary pharmacy program created to provide 800+ of the most prescribed medications for free for a one low monthly subscription.

As the Senior Graphic Designer at America's Pharmacy Source LLC, my job was to create and manage all marketing materials for all in-house and private labeled organizations that used the APS/MyFREEPharmacy program as directed by the Art Director. These materials included but were not limited to; sell sheets, presentations, trifold's, flyers, program cards, postcards, social media posts and any other material that was requested. I was also in charge of designing the websites for our clients. I was given the installed WordPress URL from the art director and designed the website using a combination of WordPress, Jupiter X and Elementor website builders.

My work ethic was diligent and proficient where I completed all my given projects efficiently and within all the deadlines. I have been praised by higher management for my work multiple times and feel that I have become an integral part of the APS/Marketing team.

• Lehman Website Design & Marketing: Senior Graphic Designer

Canton, OH | March 2016 – October 2019

As the Senior Graphic Designer at Lehman Website Design & Marketing, my job was to develop most of the designs within a specific time frame specified by the Art Director (Les Lehman). These designs include websites, postcards, business cards, pamphlets, magazines, car wraps, etc. Using tools such as Visual Composer and Elementor, it was my job to fully create functioning websites designed within WordPress.
